SHARP

This is very much my philosophy as a fashion designer. I have never believed in design for design's sake. For me, the most important thing is that people actually wear my clothes. I do not design for the catwalk or for magazine shoots - I design for customers.

MODERN

If you want to wear something and you feel confident, you are going to rock it. That's what I love about fashion: it's your choice and your chance to express yourself.
